

# THE **BEYOND CAMP**<sup>TM</sup>

## EXPERIENCE

**BEYOND CAMP**<sup>TM</sup> is a program that provides mini-grants for youth in foster care to participate in extracurricular activities throughout the year.

We have funded dance lessons, gymnastics, college textbooks, sports leagues, photography equipment, guitar lessons, swimming, and more.

### STEP ONE

A Social worker identifies that a child is interested in participating in an extracurricular activity

The social worker and child fill out an application for **BEYOND CAMP**<sup>TM</sup>

### STEP TWO

The Felix Organization reviews the application and informs applicant of their approval

We communicate with the social worker to coordinate registration and program details, including location and time

### STEP THREE

The Felix Organization disburses the money directly to the program provider for the chosen activity

Check-in with the social worker to ask how the child is doing in their program
